

There's no substitute
for experience.

(but our online parts fiche comes pretty darn close)

Diagrams for nearly every model since 1948, a huge parts inventory backed by the Northeast's largest BMW-only service department, live telephone support (just in case you need some professional advice) and FREE shipping in the Continental U.S. on orders of \$50 or more.

the freedom to do
whatever it is you do
when you're not riding.

Sometimes taking your bike in for service is a good excuse to go for a ride. Other times, it's simply an inconvenience. With MAX BMW's free pick up and delivery, service is as simple as picking up the phone. We'll come to your home or office, pick up your bike in one of our enclosed transport trucks and bring it to the northeast's largest BMW-only service department. When the work is complete, our professional drivers will deliver your bike right back to your door. No carpooling, no waiting, no vacation days spent just getting your bike fixed. It's like having your favorite dealership right next door.

**Free pick up and
delivery to your
home or office.**
