

BMW Motorrad
Heritage Service

Elvis' first number one echoes against concrete. Beyond the door, a beautiful country.

Oil and gas are the comforts of home in Star Garage, Green Island, New York.

Adventure, joy, tragedy and grief. The arc of a life that builds character, lost to the shadows of time.

Expecting salvage, finding salvation. The smells of a garage, and a vivid memory.

The warm, calloused grip of George's never quite clean hands.

MAX BMW Motorcycles

America's first BMW-endorsed vintage service center.

We didn't know the history of this 1956 R69 /2 that we purchased until a customer saw it in our showroom.

He recognized it as the former bike of early BMW Motorcycle devotee, George Knight.

We hope that the upcoming restoration will bring the bike back to a condition that would make George proud.
